

GENERAL INFORMATION:

TurfRx OxyCal is a dry fertilizer that must be solubilized prior to application. Solubilize at a rate of 0.45 kilograms per 15 liters of water. An anti-foaming agent must be added to mix water prior to adding the TurfRx OxyCal.

Directions for Use	
SOIL APPLICATIONS:	TurfRx OxyCal will require solubilizing prior to injection into a controlled irrigation system. An anti-foaming agent should be added to the mix injection water prior to adding TurfRx OxyCal. Solubilize at a rate of no less than 0.45 kilograms of TurfRx OxyCal per 15 liters of water. Rate use per acre will depend upon water volume. For high water flow volume controlled irrigation systems apply at a rate of 9 -13.5 Kg's per hectare. For lower water flow volume controlled irrigation systems apply a rate of 6.75-11.2 kg's per hectare. Injection should be as a wave application in the first third of an irrigation set. The injection application process should be 15 minutes or less, this does not include the Hydration process.
FOLIAR APPLICATIONS:	Add an anti-foaming agent to the spray water prior to adding TurfRx OxyCal. Solubilize at a rate of no less than 0.45 kilograms of TurfRx OxyCal per 15 liters of water. Rate use per acre will depend upon water volume.
FOLIAR APPLICATION RATES:	<p>Less than 180 ltrs per hectare: 1.2-2.2 kg's per hectare 180 to 470 ltrs per hectare 2.2-6.7 kg's per hectare 470-900 ltrs per hectare 3.3-9 kg's per hectare</p> <p>Over 900 ltrs: 9-13.5 kg's per hectare</p> <p>Adequate time for full hydration of the material must occur prior to adding other products or before making and application. This will typically require 15-30 minutes (depending on the hydration equipment utilized).</p>

Precautionary Statements/First Aid Measures in Case of Contact

DANGER

Causes serious eye damage
 Causes skin irritation
 May cause respiratory irritation

Keep out of reach of children. Do not breathe dusts or mists. Wear protective gloves/protective clothing/eye protection/face protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

IF ON SKIN: Wash with plenty of water. Store locked up. Store in a well-ventilated place. Keep container tightly closed. Dispose of contents/container in accordance with local/regional/national/international regulations.

Product contains: calcium dihydroxide

See product SDS for additional safety and hazard information.

KEEP OUT OF REACH OF CHILDREN

Compound water soluble inorganic fertiliser.

GUARANTEED ANALYSIS WITH: (W.W.)

- Available Phosphate (P₂O₅)..... 4.0%
- Soluble Potash (K₂O)..... 20.0%
- Calcium (Ca).....14.0%
- Sulfur (S).....7.0%

Storage and Disposal

Redox products should be stored in a cool dry place, out of direct sunlight. To maintain product quality, storage temperatures should be between **10°C and 32°C**. Always store liquid products on lower shelves and dry products on higher shelves. Do not stack palletized products. Strictly adhering to Redox storage guidelines will ensure efficacy and performance for the life of the product. If you have a question about the storage, disposal, or shelf-life of your Redox product, contact your local Redox representative or call 1-208-678-261.

**Condition of Sale
 Limited Warranty and Limitations of Liability and Remedies**

Limited Warranty: Redox Chemicals, LLC ("Redox") warrants that: (a) the product conforms to the chemical description on the label; and (b) the product is reasonably fit for the purposes set forth in the directions for use, subject to the inherent risks referred to therein, when it is used in accordance with such directions. Tests have not been conducted on all varieties of food crops and plants, or in all states, or under all conditions.

Limitation of Remedies: Buyer's exclusive remedy and Redox's obligation under this Limited Warranty for any and all claims, losses, damages or injuries resulting from the use or handling of this product, whether based in contract, negligence, strict liability or otherwise, shall be limited, at Redox's option, to a replacement or refund for the purchase price of the product used.

In no case shall Redox be liable for any special, incidental, or consequential damages based upon breach of warranty, breach of contract, negligence, strict liability, or any other legal theory. Such damages include, but are not limited to, loss of profits, loss of savings or revenue, cost of any equipment, facilities or services, downtime, the claims of third parties including customers, and injury to property.

No Other Warranties: This limited warranty is understood to be the complete and exclusive agreement between the parties, superseding all prior agreements, oral or written, and all other communications between the parties relating to the subject matter of this agreement. No employee of Redox or any other party is authorized to make any warranty in addition to those made in this agreement. The limited warranty may be varied only by agreement in writing signed an authorized representative of Redox.

Disclaimer of Warranty: THE ABOVE LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WHICH EXTENDS BEYOND THE WARRANTY SPECIFIED ABOVE, AND IN NO EVENT SHALL THIS WARRANTY BE DEEMED TO COVER INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND.

The products manufactured by Redox Chemicals, LLC are sold only thru licensed distributors. To insure proper mixing and application, consult with trained Redox Chemicals, LLC distributors.
