

PROVIDIAN

**EC FERTILISER -
IRON FERTILIZER SOLUTION**

5-0-1

Guaranteed Analysis:

Nitrogen (N)	5.0%
1.0% Ammonical Nitrogen	
2.5% Nitrate Nitrogen	
0.8% Urea nitrogen	
0.7% Water insoluble nitrogen	
Soluble Potash (K ₂ O)	1.0%
Iron (Fe)	2.0%
1.3% Chelated by EDTA	
0.7% Ferrosulfate	
Magnesium (Mg)	1.0%
Manganese (Mn)	1.8%

General: PROVIDIAN is a proprietary blend of the highest quality cold-press seaweed, multi-source chelated iron and manganese, and a custom amino acid package, combined with Aquatrols' patented Synergy wetting agent. When used correctly, PROVIDIAN enhances turfgrass color and quality, speeds recovery from stress, and promotes root development and photosynthesis.

Application - Turf and Ornamentals:

Rate: 200-250 ml in 4 liters of water per 100m², *or*
20-25 liters in 400 liters of water per hectare, *or*
6-8 oz in 1 gallon of water per 1000 ft²

Frequency: every 2 to 6 weeks

Apply any time during the growing season. Best results will be obtained when applied immediately prior to stressful conditions or when enhanced color is desired without lush growth.

PROVIDIAN is compatible and recommended for use with all Farmura Organic products and Aquatrols surfactants. A jar and strip test are recommended before use in any tank mix application.

The manufacturer warrants that the product composition conforms to the statement given on the label and that this product is suitable for the labelled usage when applied according to the label directions. Because of the widely varying use conditions it is impossible to eliminate all risks even when the label directions are followed. Therefore the manufacturer makes no other implied or express warranty nor is any agent of the manufacturer able to do so. Upon purchase of this product the buyer assumes all risks associated with the use of the product.

Safety and Handling: PROVIDIAN does not present a health hazard when used as directed.

- Wash hands after use
- Keep product in its original container until required
- Store away from children, pets, livestock and foodstuff
- When using PROVIDIAN use plastic gloves and goggles

First Aid:

Skin contact - wash with soap and water.

Eye contact - irrigate with water for at least 5 minutes
