

IMPROVE DISTRIBUTION AND INFILTRATION

By quickly lowering surface tension, Firmway delivers a more consistent playing surface. The specially selected surfactant is the key to Firmway's success. Being a concentrated product, turf managers benefit from lower application rates.

Benefits of Firmway:

- Flexible application rate, making Firmway fit to address water penetration issues on general turf areas
- Improves the distribution and infiltration of irrigation water and rainfall
- Safe to use on all turf varieties and areas, including golf course greens, tees, fairways, athletic fields, and residential lawns
- Formulated to be applied by conventional spray rig equipment

ProFacts
